6. Please note that according to Article 10.3 and Article 13.3 of the Articles of Association of the Company, cumulative voting system shall be adopted for the election of directors and supervisors of the Company at shareholders' general meetings, and the election of executive directors and independent non-executive directors of the Company shall be voted separately. When you fill in the boxes marked "By way of cumulative voting", please complete them in accordance with the following instructions:
  - (1) In relation to resolutions numbered 9.1 to 9.6, resolutions numbered 10.1 to 10.2 and resolutions numbered 11.1 to 11.2, each voting share held by the shareholders carries votes equivalent to the total number of executive directors, independent non-executive directors or supervisors to be elected at the shareholders' general meeting, and the number of votes which a shareholder is entitled to cast is equal to the number of shares held multiplied by the total number of executive directors, independent non-executive directors or supervisors to be elected. For example, if you are holding 10,000 shares and 6 executive directors, 2 independent non-executive directors and 2 shareholder representative supervisors will be elected, the aggregate number of votes which you will have for resolutions numbered 9.1 to 9.6 will be 60,000 (10,000 shares x 6 = 60,000 votes), the aggregate number of votes which you will have for resolutions numbered 10.1 to 10.2 will be 20,000 (10,000 shares x 2 = 20,000 votes) and the aggregate number of votes which you will have for resolutions numbered 11.1 to 11.2 will be 20,000 (10,000 shares x 2 = 20,000 votes).

Please fill in the boxes marked "By way of cumulative voting" with the number of votes you intend to cast on executive directors, independent non-executive directors or supervisor candidates. Please note that the votes of a shareholder may be casted on one executive director, independent non-executive director or supervisor candidate or may be casted on different executive director, independent non-executive director or supervisor candidates, provided that the number of votes casted by each shareholder for the election shall not exceed the highest number of cumulative votes. For example, if you are holding 10,000 shares, the aggregate number of votes which you will have for resolutions numbered 9.1 to 9.6 will be 60,000. You may choose to cast the 60,000 votes equally amongst 6 executive director candidates, or to cast all your votes on a single executive director candidate, or to cast 20,000 votes on each of executive director candidates A, B and C and not cast any vote on the other executive director candidates.
  - (3) Please note that when the total votes casted by you on some executive director, independent non-executive director or supervisor candidates exceed the total votes to which you are entitled, all the votes casted will become invalid and be regarded as abstain votes. When the total votes casted by you on some executive director, independent non-executive director or supervisor candidates are less than the total votes to which you are entitled, the votes casted are valid and the remaining votes will be regarded as abstain votes.
  - (4) Whether an executive director, independent non-executive director or supervisor candidate is elected depends on the number of votes received, but the number of votes received by each elected director, independent non-executive director or supervisor must exceed half of the valid voting shares (based on the number of shares on a non-cumulative basis) held by shareholders present at the general meeting.
